

Bellevue Probus Club Bulletin

September 2010

September 11 (Saturday) is a bus trip to Paine Field, Everett to visit Paul Allen's Museum of rare Military aircraft of World War II vintage. If the weather permits, we will be able to watch actual flight of these aircraft. Twenty-eight have already signed up and paid the cost of \$38 but there is **still room for eight more** if you will call Judy Dahlberg if you wish to join this most interesting trip. Her phone number is (425) 882-3609).

Snacks will be furnished by Judy but trip participants will be "refunded" \$10 to buy their lunch at the nearby Tulalip Casino with the group. We suggest that you bring a sun hat and an umbrella. The group will leave the North Bellevue Community Center at 9:30 A.M. this coming Saturday. Spouses and friends of members are invited to join this trip to Everett. Checks should be made payable to Bellevue Probus Club.

The August 19th trip to Mt. St. Helens was a long day but lots of fun for thirty-one members and spouses led by Dorothy Ayers. The group enjoyed a Logger's Stew lunch followed by a delicious apple crisp dessert at the Back Woods Cafe in Echo Park. At Johnson Ridge, the travelers had an hour to watch a movie, hike to the observation point and listen to a talk by a park ranger.

September 16th meeting will be a program by the General Manager of the Everett Aqua Sox Baseball Club. The Frogs are an affiliate of the Seattle Mariners and are currently in first place in their league. Baseball is a business as well as a game and our speaker, Brian Sloan, will be able to answer your questions about the development of the players, running a profitable minor league team, and other aspects of the Aqua Sox.

Volunteers are an important part of any non-profit organization and your Probus Club is no exception. We currently have officers who have served for many years but would welcome "new blood" to step up and take their places. Please contact our current interim President, Ed Funk, or other officers, at the next meeting. We would appreciate your being a volunteer. There is only one planning meeting a month lasting about an hour. Thank you for your consideration.
